Dear Cumberland farms:

I am writing you because an employee at Store No. 008025 in Barre VT accused an indigenous family member of stealing a sandwich on Sept 12, a day when she was not in Barre. She lives an hour and a half out of Barre.

When she asked to talk to a manager, they simply backed up the wrongful employee.

This all happened on the 13th. Please let your store and their employees know that they should not make racist false accusations.
