Hi Adrienne

It is definitely a complicated issue. Probably better for a discussion than an email, just because there is so much to it.

Hi,

I would like to learn more. It sounds like a few bad behaviors is impacting the whole group. Is this the case? There is always a story behind these news pieces. I did have the opportunity to talk with Deer, who is camped out on the City Hall steps.

What is the history of unhoused folks at CCR and high sensitivity areas? It seems like folks have been "camping" up there with no incidents (Chief, can you confirm?), until a group of folks were relocated and have caused a lot of issues. Is this the case?

What is the plan to relocate these folks who may not have caused issues?

I know...this is so complex. Thank you all for working so hard and with our partners to figure out the best solution.

Adrienne
