Subject: Re: NTO Information

Morning,

My apologies for not reaching out yesterday. We had an issue arise which occupied most of our team and will be continuing for part of today. Josh Brigham from the Newport office reached out about your conversation yesterday after needing to come to the building for  once again. If you can send me in writing that you and your officers will no longer be coming to the building for him due to there being no trespass notice issued, I'll provide it to my upper management in hope of changing their minds on this issue.

I agree with you that this issue should have been handled a long time ago, and it's a waste of time and resources on your end. I'm pushing to have a meeting with our commissioner on this problem, as she gets the final say on if we due a no trespass. I'll be reaching out to the non-state agencies in the building and our Property Management team today about working with the condo association to request an NTO for the non-state agency spaces in the building. I'll reach out to you as soon as hear back, and please feel free

to give me a call anytime if you wish to discuss this. Newport is a relatively short drive from my home, so I'm glad to come up anytime if needed.

Subject: Re: NTO Information

Hi James,

I want to circle back to this. [REDACTED] was released yesterday 4/16/25 from jail after being there for months. Within a few hours we were called to the state bldg. for [REDACTED] drinking and smoking inside the building. We had to physically remove him from the building.

Without the order we have zero enforcement efforts and his behavior will continue. I will gladly serve the order when you get it.

Thanks

Subject: NTO Information

Morning Chief,

I'm putting in a NTO request with my Director and the BGS Commissioner for [REDACTED] and I've also reached out to the condo association to have them put in a request for one as well for all of the non-state agencies in the building. While this will be a process on our side of things, I wanted to keep you in the loop with our plan. Also, at one point you had offered to serve him (or anyone else) if we were able to get an NTO approved, is something you are still willing to do for us if we get one approved?

Re: [REDACTED] and NPD Response

I wanted to write a quick memo on our response from Newport Police as it relates to [REDACTED] and being inside the state building moving forward. I have requested numerous times for a trespass order be issued to [REDACTED] for his continuous use of the state building as his homeless shelter. There are numerous involvements with [REDACTED] that we have been called to. Most of which are public health and safety concerns that are not criminal in nature. He has been arrested for urinating and defecating inside and around the building by our officers.

When BGS staff calls to have [REDACTED] removed for being in the building or using the bathrooms it is essentially a verbal trespass, which holds no bearing on criminal charges. He usually has not committed a crime and we show up to kick him out and he leaves then returns either the same day or the following day and we do it all again. Without the state issuing an actual trespass order for the building NPD will not continue to respond and remove him on a daily basis for civil policy violations of the building.

If he has committed a crime we will certainly deal with that and arrest him, which we have done several times. In 2024 we had 56 involvements with [REDACTED] and he has been trespassed from almost every store in Newport City for the same behaviors he does in the state building. He has been wrapped with services and was set up for Hotel/Motel program and refuses to go.

Thank you for your attention to this matter.

Chief Travis R. Bingham

Here is the signed copy. He was served at the Jail yesterday with this. Im not sure how long he will be in jail. At least it will be in place if he should get out soon.

Sounds like they are working on placement in an institution that will fit his needs.

Thanks for the work on this.

Subject: Re: [REDACTED]

Thanks James, We will work on getting this served today. We served him with a trespass for the ATM area from CNB. There order stated he could access the bank through the Main St. entrance.

Does that conflict with your trespass order where it says CNB or is that different space?

Just want to make sure.

Morning Chief,

As you may be aware, Mr. [REDACTED] trespass from the state office expired in August and he has become an issue again over the past couple of weeks as he learned of the order expiring. So you are aware, I have filed for another trespass order due to his behavior and requested it to be for valid for 1 year. I've spoken with staff at CCV and the bank about the issues he is causing, and they may be reaching out to the PD to request their own orders against him.

When my trespass request gets approved, are still willing to have your team serve him with the order and send me a signed copy?
